Re.: Representation of SKL Motor GmbH in the Pacific region of US and Russia
12.06.2006

Dear Sir's,

coming back to our continuous discussion about marketing for the delivery of genuine spare parts manufactured and approved by the SKL Motor GmbH we appreciate the efforts of your company in this direction

The SKL-Motor GmbH continues the production and maintenance of the well known in the world and specially in the Russian fishing and cargo fleet, reliable main and auxiliary engines of NVD- and VD- types, inclusively the respective original spare parts. Our construction and projecting department is continuously engaged, to improve quality and reliability of our engines, also the older types

All incoming inquiries are checked by technical department to deliver the right and latest modification. Purchasing spare parts with us you can be sure to keep engines serviced and running at high level standard. Our spare parts are labelled by a hologram with SKL logo.

We are very glad to have you as experienced fleet and technical manager, representing our interests as an authorized dealer in the mentioned area, specially for the engine-type 6 and 8 NVD 48A2-U

The SKL Motor GmbH will give you all support you need to grand an attractive service to the clients.

Kind regards

Michael Blecker
